

51084 Printed Circuit Board

51084 Printed Circuit Board 1102.680 1.331 is a compact, lightweight PCB designed for integration in industrial electronic control systems. Engineered for reliability, this board is identified with part number PN-51084 and is suitable for various automation or signal processing functions.

Key Specifications:

- **Part Number:** 51084
- **Additional Markings:** 1102.680 1.331, 4001845943
- **Engineering Change Number (ECN):** 10027488
- **Device Number:** 1000015()799
- **Weight:** 50 gm

Product Description:

The PN-51084 printed circuit board is a precision electronic component built for high-performance control applications. Featuring a streamlined form factor and robust construction, it supports reliable signal transmission and operational stability across diverse industrial setups. With identifiers like ECN 10027488 and Dev# 1000015()799, this PCB is traceable and consistent with quality manufacturing standards. It is well-suited for replacement, repair, or OEM usage in automated systems where lightweight and dependable boards are required.
