

## **Bauser 629 631 Hour Meter 230V 60Hz**

### **Bauser 629.631 Hour Meter - 230V AC, 60Hz (New)**

The Bauser 629.631 Hour Meter is a compact and highly reliable time-tracking device designed to monitor operating hours of machinery and equipment. Operating on a 230V AC, 60Hz power supply, this German-made hour meter is ideal for industrial, commercial, and OEM applications where accurate usage tracking is essential for maintenance scheduling and performance monitoring. Its robust construction ensures long-term reliability even in demanding environments.

#### **Key Features:**

- Accurate hour tracking for industrial and commercial equipment
- Operates on 230V AC, 60Hz – ideal for global applications
- Compact design for easy panel or surface mounting
- High-contrast display ensures easy readability of elapsed time
- Made in Germany for dependable quality and durability

#### **Specifications:**

- Model: 629.631
- Part Number: 2698
- Operating Voltage: 230V AC
- Frequency: 60Hz

- Display: Mechanical hour counter
- Mounting: Panel mount
- Application: Equipment runtime monitoring, maintenance planning
- Construction: Durable plastic housing
- Weight: 50 g
- Country of Origin: Germany

The Bauser 629.631 Hour Meter is a trusted solution for precise runtime measurement in industrial systems. Its straightforward design and reliable German engineering make it an excellent addition to any control panel or machine requiring consistent usage tracking.
